The Safest Investments are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-ages), well secured on real estate in the District of Columbia, constitute "gitt-edge" investments, and they do not depend upon the financial responsibility of individuals or ow-porations for their stability. We can supply such investments in amounts from, 500 up-ward. Send for bookiet, "Concerning Leans and Investments."
